

Fire Warden Training Course

Overview: In order to give candidates a general understanding in fire and first aid fire fighting equipment the course is split into 6 modules:

- Legislation
- The Principles of Combustion
- Fire Procedure
- The Roles of Fire Wardens
- Fire Extinguishers
- Reducing The Risk

Duration: 1 Day

Who Should Attend: Managers, Supervisors, & Designated Persons who have responsibilities in the workplace to ensure safe fire practices.

Outcome: On successful completion of the course and the test (of which the candidates must pass), they will receive a certificate. Course certification lasts 3 years.

Costs per candidate: £80 this includes course book, exam paper and certificate.
